

Milkweed seeds sold at most box stores seeds stands in Windsor and across Ontario.

Look for them from mid February to: Home Depot, Lowes, Canadian Tire, Home Hardware, Lee Valley, etc...

Here in Windsor ON we usually find the following perennial milkweed seeds:

Common Milkweed (*Asclepia Syriaca*) – Swamp Milkweed (*Asclepia Incarnata*) -

ButterflyWeed (*Asclepia Tuberosa*) - The annual Tropical Milkweed (*Asclepia Curassavica*)

Tropical Milkweed (Annual)

These are the three most popular brands found in our local seed stands.

As you can see their prices are very affordable for any gardener who's looking for ways to attract monarch butterflies, bees, other butterflies into your garden.

Plant as many as you can during the spring-summer, if space is limited in your garden these milkweed plants will also do good in pots – containers of all sizes.

You can harvest the seeds from your plants in the fall, use the outdoor winter sowing from November to January and by the following spring you will have more little plants for you to use or share with your family, friends, etc...

Common Milkweed seeds are always available for FREE at our house 1158 Erie St E Windsor.

If you live in Windsor and Essex County you may also find small milkweed plants for sale at a very reasonable prices in the spring at the following nurseries:
