

Buying Milkweed Seeds Anywhere.

Milkweed seeds are found in most box stores seeds stands across Canada, here in Windsor, ON we usually find these popular brands below. Most of them are perennial except for two specie (Tropical Milkweed and Balloon Milkweed or Hairy Ball milkweed.)

Read the label proper because we found one that is wrong labeled.
(Mc Kenzie below is an actual annual Tropical and not a Butterfly Weed as shown.)

This is the perennial Butterfly Weed.
(Asclepia Tuberosa) Yellow – Orange Flowers

This one is an annual specie Tropical Milkweed,
look at the back label and it will say:
(Asclepia Curassavica) Blood Red Flowers

More Picture Below

These three species are all Perennials.

Plant as many native milkweed plants and nectar rich flowers as you can to help the monarch butterflies as well as our pollinators.

This map will show you what's native in your area:
